The School

SEV American College (SAC) is owned by the Health and Education Foundation (SEV) and is based on the traditions, successes, and academic excellence of its sister institutions: Üsküdar American Academy, established in 1876; American Collegiate Institute of İzmir, established in 1878; Tarsus American College, established in 1888; SEV American College, established in 2014.

SAC is accredited both by the Turkish Ministry of Education and Council of International Schools (CIS).

The Faculty

SAC's faculty is composed of 82 teachers, representing a strong balance of experience and international diversity. The average teaching experience across the school is 15 years. Among them, including the Head Counselor, 10 are international teachers, bringing valuable global perspectives to our classrooms.

Committed to our principle of continuous improvement, SAC organizes numerous professional development seminars throughout the year. In addition, our faculty members actively participate in workshops and conferences, both in Türkiye and abroad, further enriching their expertise and teaching practices.

Alongside our faculty, SAC is supported by 27 professional staff members, creating a collaborative and dynamic learning environment. For the 2025–2026 Academic Year, SAC proudly counts a total of 109 dedicated faculty and staff members, working together as one community.

Our Students

Prep class students continuing their education after attending a SEV Middle School are accepted to SAC based on their Grade Point Averages (%75+), while others are accepted to SAC based on a highly competitive national high school entry examination taken at the end of 8th grade by over one million students every year. The admitted students rank in the top 1.5% of the national high school entry exam.

26% of our students are on a full or partial scholarship and 100% of our graduates move on to a four-year institution.

Grade Distribution Scale of SAC

We do not rank students at SEV American College. SAC follows the passing promotion system of the Turkish Ministry of Education. The passing grade is 50. Students who fail one or more courses take makeup exams. A student must pass all courses, in order to graduate. **GPAs on our transcripts are unweighted, i.e. IB SL or HL courses are not given any special weight.** A student's GPA is calculated based on the grade and the number of periods each class meets per week.

The Curriculum

Language of Instruction: All Science and Maths courses are taught in English.

Academic Program in Prep Year: All students are required to take a preparatory year to provide a sufficient level of English for their high school education. Prep courses are: Intensive English (20 hours), Mathematics, Turkish, Music, Visual Arts, Computer Science and Physical Education.

Curriculum Choice: Grades 9 and 10 have a set curriculum with a few electives. In grade 11 students have three choices going forward. They can choose between the math/science-based curriculum, the math/ humanities-based curriculum, or the IB Diploma Programme. Students must apply for and be accepted into the IB Diploma Programme. Approximately 56% of SACs Grade 10 students were accepted into the IB Diploma Program. All students, regardless of the programme they follow, are awarded with Turkish Anatolian High School Diploma (lise diplomasi).

Starting from the 2025-2026 academic year, SAC has introduced Honours level courses as part of its program for Grade 11 students. Selected Honours subjects are offered to provide students with advanced academic rigor and preparation for university-level studies.
